Summary

PhD researcher at GMUM, Jagiellonian University, working on self-supervised learning and spatial intelligence in visual foundation models.

Education

PhD	Jagiellonian University , Technical Computer Science — Machine Learning - Faculty of Mathematics and Computer Science - Supervisor — Prof. Bartosz Zieliński - Affiliated with GMUM (Group of Machine Learning Research)	Kraków, Poland 2024 – present
MSc	Poznan University of Technology (Politechnika Poznańska) , Automatic Control and Robotics - Specialization — Smart Aerospace and Autonomous Systems - PUT Rector Scholarship (twice)	Poznań, Poland 2021 – 2022
BSc	Izmir Katip Celebi University , Electrical & Electronics Engineering Highest ranked student of the department	Izmir, Turkey 2015 – 2020
BBA	Anadolu University , Business Administration Certificate of Honour (2016–2017)	Eskişehir, Turkey 2016 – 2021
Eras-mus Exchange	Poznan University of Technology , Electronics and Telecommunications Engineering	Poznań, Poland 2018 – 2019

Experience

Group of Machine Learning Research (GMUM), Jagiellonian University , PhD Researcher Research on self-supervised learning methods and spatial intelligence in visual foundation models. - SpaRRTa spatial intelligence benchmark for VFMs - Member of GMUM research group (https://gmum.net)	Kraków, Poland Oct 2024 – present 1 year 9 months
Poznan Supercomputing and Networking Center (PSNC) , Data Scientist Applied data science, machine learning, and time-series analytics for ICT energy-efficient technologies. - Anomaly detection and forecasting on energy consumption time series - REnergetic EU project (www.renergetic.eu) - Simulation and analysis of renewable energy system setups	Poznań, Poland Mar 2022 – Jan 2025 2 years 11 months
University of Catania — DIEEI / ROSys , Erasmus+ Internship BIOBLU project — object picking with AI methods, ROS, Gazebo simulation, and computer vision. - Robotic control strategies based on AI - Algorithms tested in Gazebo simulation environment	Catania, Italy Mar 2023 – Aug 2023 6 months

Silesian University of Technology , Erasmus+ Internship Methods of clustering single-cell RNA sequencing data using R.	Gliwice, Poland Nov 2020 – Feb 2021 4 months
Tescom UPS , Mandatory Internship & Graduation Project TÜBİTAK 2209B-funded thesis on LLC resonant converter design and battery charge-discharge regression models; production internship across PCB, test, and assembly.	Izmir, Turkey Aug 2019 – July 2020 1 year
Deutz Service Group ASM Ex-Proof , Working Student Industrial motor and Ex-Proof products project.	Turkey Dec 2019 – Feb 2020 3 months
Elpro Energy , Mandatory Internship Electrical installation design, bill of quantities, and AutoCAD.	Turkey Aug 2019 – Sept 2019 2 months
Maselmak Engineering , Optional Internship Electrical panel design (See Electrical), TIA Portal, and PLC.	Turkey July 2017 – Aug 2017 2 months

Volunteer

IEEE Izmir Katip Celebi University Student Branch , Treasurer Financial control and reporting for the student branch.	Izmir, Turkey
IEEE PES — IKCU , Vice-Chairman Supported the chair of the Power and Energy Society chapter.	Izmir, Turkey
IOT Turkey , Editor Editor for ioturkiye.com	Turkey
CybaIR Science Club (PUT Poznań) , Member Robotics, automation, and autonomous vehicles student club.	Poznań, Poland
Global AI Hub , Core Member & Mentor Non-profit AI education organization; mentoring and community contributions.	Remote
Data Science Earth , Content Producer Content production for datascienceearth.com	Remote
GHOST (Group of Horribly Optimistic Statisticians) , Member Statistics, machine learning, and data analysis study group.	Poznań, Poland

Skills

Machine Learning & AI: Self-supervised learning, computer vision, deep learning, reinforcement learning, spatial intelligence

Robotics: Continuum robots, ROS, Gazebo, mobile robotics, control systems

Programming: Python, R, MATLAB, C++, Swift

Languages

Turkish: Native speaker

English: Fluent

Polish: Working proficiency
